

Hello [First Name] !

I hope this email finds you well. We wanted to see if you had a chance to explore the resources we provided for our B5T-007003 Human Vision Components.

We understand that selecting the right product can be a thoughtful process, and we genuinely appreciate the time you've invested in learning more about our B5T-007003 Human Vision Components. Our team at OMRON is passionate about delivering products that exceed expectations, and we believe that our sensor has the potential to be an ideal fit for you.

- Detects humans in clean suits with multiple viewing angles: Overhead view, Oblique overhead view, Looking up view
 - Able to detect humans approaching customer equipment. This won't detect objects.
- Equipped with false detection removal
 - Enhanced security through offline operation- no cloud connection required
- Any parameter or setting can be modified through the support tool
 - Lower cost compared to cloud-connected alternatives

If you have any questions or would like further information about how our B5T-007003 Human Vision Components can benefit your application, reach out to Donna Arrasate, Customer Development, and Inside Sales Manager, at donna.arrasate@omron.com.

At OMRON, we are committed to providing innovative solutions that meet your needs and help you achieve your goals. We value your business and look forward to serving you with our cutting-edge solutions.
